WABASH AGENT WAS HELD UP AT 2 A. M.

MARYVILLE DEPOT IS ROBBED OF $76.25 IN CASH

MAIL SACK IS TAKEN

Mail Thought To Be Not Valuable—P. O., Wabash and City Authorities Working

W. D. Williams, operator at the Wabash passenger depot, was held up about 1:40 o'clock this morning by a robber and $76.25 was taken from the money drawer and safe of the railroad company and a letter pouch from train No. 14 which was in the office at the depot was taken.

Post Office Inspector F. D. Florea of St. Joseph came to Maryville today at noon to make an investigation. Special Agent Marshall of the Wabash with headquarters at Stanberry arrived in Maryville this morning and is making an investigation. As yet no clues have been found.

The bandit gained entrance into the depot office by opening the west side window. While opening the window, the bandit kept his gun on Williams who was sitting at the operator's table to one side of this window. After the bandit climbed through the window and searched Williams, taking away his gun, he ordered Williams to unlock the money drawer and the safe. This was done by Williams.

While searching Williams, the bandit said he did not want any of his money but was after the company's money. Williams had some money on him as well as a watch which were not disturbed.

After getting the money from the safe and money drawer, the bandit commanded Williams not to notify anyone until two o'clock, which was about ten minutes off. Williams communicated with Sheriff Steve Roach and Night Watchman Ed Wallace about that time. These officers went to the depot but were unable to find any clues.

Mr. Williams said the bandit left the office through the east door and then walked west on the platform. He was of the opinion there was a car in waiting but heard no sound of a motor car. Williams described the bandit as being from five and a half feet to five feet and eight inches high and about 35 years old. He had on a soft black hat. No railroad tickets were taken at all by the bandit as he said he could go anywhere now in an auto.

The letter pouch taken was thought to have contained very little of value. There were thought to have been a few registered letters in the pouch but the instructions issued several months ago were to the effect not to send valuable registered matter on that train. The letter mail on this train is also very light.

Train No. 14 is due here at 9:35 but last evening the train was about one hour late. Due to this fact, the letter pouch was put into the depot office to await the mail messenger coming after it.

QUITMAN STORE IS ROBBED LAST NIGHT

COMMUNITY HARDWARE STORE ENTERED BY ROBBERS

WAS AMATEURS WORK

Manager MacDonald Believes Amateurs Did It—$40, Coat and Watch Taken

Sometime last night between the hours of 10:20 p. m. and 6:30 this morning the Community Cash Hardware Store at Quitman was burglarized. A check-up this morning found that from thirty to forty dollars had been taken from the cash register, a man's moleskin coat and a watch. The hinges and dial had been battered from the safe, showing an attempt had been made to secure its contents.

Mr. MacDonald, one of the managers of the store says he believes the work was done by amateurs. Entrance was gained through a back window of the store by a hammer and chisel that was taken from the J. Gillinger carpenter shop, about a block away. The work on the safe showed plainly the work of amateur yeggmen, as tools from the stock of the store were used in the attempt to break it open.

Sheriff Steve Roach went to Quitman this morning to investigate the robbery. The store is managed by C. E. MacDonald and J. J. MacDonald.

K. C. MEN INDICTED FOR DEFRAUD IN U. S. MAILS

Kansas City, Dec. 2.—The trial of W. E. Stewart, C. F. Adams, A. F. Parker, Joe A. Kenagy and C. F. Lard on a charge of using the mails to defraud in connection with the sale of tracts of land in Texas, was fixed today by Judge Van Valkenburgh for January 27.

Setting the date for the case followed the setting aside by Van Valkenburgh of the "Nolo Contendo" entered by the defendants last week.

The men were indicted some time ago by the federal grand jury on the charge of using the United States mail to defraud. It is alleged that these men sold large tracts of land in Texas and represented it as having irrigation and plenty of water. These claims are said to have been false and as a matter of fact a very unsuccessful irrigation scheme was there.

Suits amounting to about $50,000 have been filed by the alleged victims in the deals.

25 HAVE JOINED CHURCH IN CHRISTIAN REVIVAL

Successful Services Have Been Held for Two Weeks—May Close Tomorrow.

Another good service was held last night at the revival which is being held at the First Christian Church here. Practically every service the last two weeks of invitations have resulted in additions to the church. There were five who went forward last night, making 25 who have confessed Christ this week thus far.

Owing to the large ingathering last year in the revival, it was not expected that there would be so many added this fall, and the church feels very much gratified at the number who responded thus far.

There is a probability that the series of meetings will close tomorrow, however, definite announcements will be made at the meeting tomorrow night. This closes three week of meetings.

Rev. R. E. Snodgrass has announced the following subjects for tomorrow's services. Morning, "The Love that Saves." Evening, "The Swelling of the Jordon." Mr. Price Doyle will arrange the musical programs.

There will be services tonight at the usual hour. The sermon subject will be, "Lost." A great day is expected tomorrow. No doubt the building will be filled to overflowing tomorrow night, if the weather and roads stay good. 600 is the goal set in the Bible school.

The Men's class continues their friendly contest, with the West slightly in the lead, locally, but the East leads in the County. There is considerable interest in the seating of the men as they arrive at the Hall, for all men on the west are to sit on the west side and the east side men to sit on that side of the hall. The East side workers are promising an interesting time for the class tomorrow. The pastor will address the class and Jonathan Stark will lead the devotions. The Class orchestra will render the musical program as usual.

Baptismal services are to be held at the church this afternoon and tomorrow afternoon at 2:30. The regular church Board meeting will be held at three o'clock tomorrow.

The Rev. and Mrs. R. E. Snodgrass are entertaining the former's parents, Mr. and Mrs. A. B. Snodgrass of Clarinda, Ia., who arrived in Maryville Thanksgiving morning.

EX-RESIDENT IS ARRESTED IN IA.

WILLIAM SHOEMAKER PICKED UP AT COUNCIL BLUFFS.

HAS 3 CASES OF WHISKY

Was a Former Maryville Man for Years, and Was Here Last Night.

Council Bluffs, Ia., Dec. 2 (Special to The Democrat-Forum).—William Shoemaker of Maryville, and a woman, whom he represented as his wife, later found to be Mary Stillman of Kansas City, are being held here by the police today, following their arrest as they attempted to leave the city with three suit cases, loaded with pint bottles of bonded whiskey.

The booze was bottled in bond in 1914 and bears the name of a well known whisky distillery. The woman admitted her identity after being questioned by the police. The man is alleged to have a criminal record in Missouri. He says that he was born and lived all his life in Maryville.

The couple were handed over to the federal authorities today.

William Shoemaker is known in Maryville and remembered by many people here. He was born here and lived in Maryville until about fifteen years ago, when he was sent to the state reform school on a charge of burglary. He is said to have served a term in the Kansas state penitentiary.

Shoemaker was in Maryville last night and it is said that he attempted to sell or at least take orders for some whisky. The authorities though failed to find that he sold any and it is not believed that he did.

He was accompanied by this woman, Mary Stillman. It is said that he paid cash fare on the Wabash train No. 11, which he boarded this morning to go to Council Bluffs. Some think that he might have been implicated with the Wabash depot robbery last night, but Sheriff Steve Roach says that, Williams, the agent who was held up, saw Shoemaker this morning and declared that he was not the hold-up man.

Shoemaker is about 32 years old.

LARGEST CIRCULATION IN NODAWAY COUNTY

HEALTH-EDUCATION WEEK TO BE KEPT

Continued from page one

Wednesday, December 6—Life Extension Day; emphasizing the "Keep Well" idea.

Thursday, December 7—Recreation Day; calling attention to the importance of play and recreation to health.

Friday, December 8—Tuberculosis Christmas Seal Day in Schools. Special Exercises, playlets, exhibition of health posters and talks.

Saturday, December 9—First Seal Selling Day for children.

Sunday, December 10—Tuberculosis Sunday, sermons in all churches.

According to figures prepared by Dr. Walter McNab Miller, executive secretary of the Missouri Tuberculosis Association, Missouri now ranks among the leaders in the fight to control this terrible disease. In 1911 there were 5113 deaths from tuberculosis in Missouri. In 1921 the deaths had dropped to 3010. This saving of more than 2000 lives a year is directly attributable to the work of the Association and kindred bodies. Dr. Miller believes the tuberculosis death rate can be further reduced in the next few years so that Missouri may be ssyed 3000 lives a year. Eventually with proper attention tuberculosis may be practically eliminated.

Death rate from tuberculosis in Nodaway county was reduced from 115 in 1911 to 54 in 1921, Dr. Miller says.

The work of the Missouri Tuberculosis Association, which continues throughout the year from headquarters in the Pontiac building, St. Louis, is supported almost entirely from the proceeds of Tuberculosis Christmas Seals, which are on sale for two weeks before Christmas. The seals are sold through county organizations and the public schools. Every seal sold means that much assistance toward saving Missouri lives and stamping out tuberculosis.

The Nodaway county organization for the sale of seals is in charge of Supt. Leslie G. Somerville, Maryville, Mo.

A JOLLY SCRAP-BOOK

By MARTHA B. THOMAS

(©, 1922, Western Newspaper Union.)

JOLLY scrap-books for children who are unfortunate in being ill in hospitals at Christmas time—or in any other place, for that matter—may be made of bright-colored advertisements pasted on cloth. Dark-green cambric makes an excellent background. If it is cut in rectangles of 18 inches by 13 and folded once through the center of the longest side, you have then four large pages for your book. Three of these rectangles make a respectable showing and give enough space for many pictures.

The brighter advertisements the better, and if you can think of a funny name to paste underneath each one, the children will squeal with delight. Sometimes variation may be gained by cutting the pictures in outline, if the figures are large enough. Covers of magazines often afford good material.

A pretty cover for your book may be arranged by cutting small squares into triangles, using the gummed paper

Christmas ribbon of different colors, furnished at all stores in the holiday season. Get as broad a ribbon as possible, cut it to make a square, then cut the square diagonally, i. e., from corner to corner. You will then have four triangles of equal size. Cut another square of smaller size in the same way, giving you four additional triangles. These eight pieces can then be arranged as fancy dictates to make a decoration in the center of your cover. One such simple arrangement is shown.

Of course these triangles need to be moistened and stuck on the cover according to the plan of your design.

Raisin Fluff.

Two cupfuls sugar, ½ cupful water, 1 stiffly beaten egg white, ½ cupful chopped raisins, ½ cupful chopped walnut meats, ¼ teaspoonful vanilla.

Boil sugar and water until it threads when dropped from the tip of a spoon. Pour on beaten egg white and beat until it holds its shape. Add raisins, nuts, salt and vanilla. Mix well. Drop from teaspoon on paraffine paper and set aside until cold.

Buttermilk for the Face.

Buttermilk is a good substitute for a more costly face preparation.—Let it dry on, then massage in to correct the drawing tendency and make the skin soft.

BROOM CORN HIGHEST IN YEARS

Barnard Broom Maker Says Corn Is $400 Per Ton, Over Twice as High As It Normally Should Be

(Barnard Bulletin)

P. Bolin, broom maker, having made brooms for the past thirty-seven years says he is going to try Henry Ford's plan—quit making brooms until the price of broom corn is lower. With the price of broom corn now 22 cents per pound, when the normal price is from ten to twelve cents, Mr. Bolin's plan is to wait until he is able to raise a crop of broom corn.

"It takes about three pounds of broom corn to make a good broom, besides the wire, twine and handle," said Mr. Bolin, "and one has to sell a broom for more than the people believe it is worth."

Hopkins Journal.

Wm. Louden and wife and Vern Jeffers and wife left Hopkins Nov. 6, in a Buick Six for Phoenix, Arizona, the trip being made for Mrs. Louden's health. The party arrived at Las Vegas, New Mexico, the following Saturday. On the trip the two ladies stopped at hotels nights while the men slept in the car and when Las Vegas was reached, the same was done, the men driving about a mile out of the city to camp. During the night the deceased complained of not feeling well and was much worse the next morning. He was taken at once to the hotel and a doctor called who had him taken to the hospital, where he rapidly grew worse, really not regaining consciousness after being taken there and died Nov. 25, of uremic poisoning. The remains arrived in Hopkins Sunday night, accompanied by Vern Jeffers and wife, Mrs. Louden not feeling able to make the trip. "I Will Try Some"

The Horse Editor of the Monroe County Appeal has horse sense. He has the following to say:

Next time you are dining out or have guests at your own table listen for something like this: The hostess: "Will you have some of the mashed potatoes?" The guest: "Yes, I will try them." The hostess: "Will you have some of the oyster pie?" The guest: "Thanks, I will try it." The hostess: "Will you have some of my pear preserves?" The guest: "I believe I will try them." And so on through the entire bill of fare. Where did you get the habit of using an expression which implies doubt about the quality of our host's food or our ability to eat it? We don't mean anything of the sort, of course, but among those who are most precise in their language and the greatest sticklers for the proprieties the habit of saying "I'll try some" when a dish is passed is just about as general as it is among those of us who belong to the hoipoloi.

ATCHISON COUNTY SEES NODAWAY'S AG. FILMS

Secretary Pickens Showed the Films At the York Community, Near Tarkio Last Night

Two months ago Mary Carlson who teaches at the South York school 9 miles from Tarkio, arranged with the Maryville Chamber of Commerce to show its films "Agriculture in Nodaway County' at her school December 1st. After she had notified the patrons of her district and surrounding districts folks in the York community, composed of five school districts, urged that they hold this meeting at the York church.

York church is one of the most beautiful rural church buildings in northwest Missouri. The church property includes a good parsonage and out buildings. The church alone would probably cost $10,000 to build. When it was built it was well planned with a large auditorium and Sunday school rooms off the auditorium separated by folding doors. In the basement they have a fuel room and furnace room, dining room and kitchen. The basement is entered either from the church or the outside. They have their own electrical system and to all appearances they have every convenience you would expect in a modern city church. If you saw nothing but the church you would understand that the people of that community were fine folks and friendly and they are because no community meeting could have been more enjoyed than the one held there last night.

Those attending from Maryville were, Geo. A. Pickens, F. R. Marcell, F. C. Miller, C. F. Remus and N. H. Brown.

In keeping with what you would expect of this community one of the peppiest programs you would expect of this community put on by the students of the York and South York schools taught by Mary Carlson and Verna Stanton.

The York community club consists of five school districts and the music for this entertainment was furnished by the community orchestra and a lively community quartette.

Mr. Graham, President of the Community Club took charge of the meeting after the school program was over and after making some explanatory remarks he asked Mr. Pickens to explain "Agriculture in Nodaway County" how it originated its purpose and educational advantages. Mr. Pickens explained that the films were dated up to March 1st and its wasn't our practice to take them out of the county as long as there was such a demand for them at home, but he was happy indeed to visit the sister county and make this exception for such a wonderful community as the York community.

A copy of the program was not secured but the names of the children in the two districts participating were as follows:

Ernest Barrett, Lawrence Knepper, Lola, Edith and Rena Zeigel, Carl, Alfred and Emma Babb, Susia, Dorothy and Olive Haynes, Herman Neilsen, Morgan and Francis Steward, Larimer Graham, Andrew Carlson, Edna and Delora Lee, Carl Loveland, Rex and Hazel Gardner, Pearl and Opal Lesher.
